Follow the footprint

In 4th semester of B .tech , I had taken part on follow the footprint game , and grabbed the

Profile Summary

I am a tech-savvy individual with a strong foundation in Full Stack Web Development, PHP, and MySQL along with proficiency in HTML, CSS, JavaScript, and C++. My internship at Ardent Software Services equipped me with hands-on experience in developing a user-friendly interface for the Bike & Scooter rental system, resulting in a 20% increase in user engagement. I also conducted market research leading to a 15% improvement in customer satisfaction. My problem-solving skills were evident as I resolved 30% more system errors within the stipulated timeframe. With my skills and experience, I am eager to contribute to a dynamic team and leverage new opportunities.
